

The bysl3x High Range IQ Test by Dr Jason Betts

See the Score and Norming Data File at www.psiq.org/lux for the submission instructions and guidelines.
Find the answer that is simple, obvious, satisfies the greatest number of clues and has the simplest complexity.

bysl3x uses techniques of symmetrical mirroring, flipping, rotating, leeting (look it up) and some word-play.
They are of my new form of logical representation: $ab \cdot c \Rightarrow a : b :: c : ? \Rightarrow a \text{ is to } b, \text{ as } c \text{ is to } ?$
