

The Comix High Range IQ Test by Dr Jason Betts

See the Score and Norming Data File at www.psiq.org/lux for the submission instructions and guidelines. The use of the internet and all reference materials is recommended to research all terms not fully understood. This is not so much an IQ test as a puzzle; how it turns out will tell all. There will be certificates as per normal. I hope you enjoy this as much as I did making it, and created this new format with central (shared) logical clue.

Traditionally, one may have written A is to B, as C is to D in the form $A : B :: C : D$, or as my $AB \cdot CD$. Because my logical inferences are doubly cryptic and laden with clues, it becomes: $A : B (&C) :: C (&B) : D$. I thus created this new form to take advantage of this shared clue: $\{ A | B (B&C) C | D \}$. Enjoy!
