Why work with IQ:

To test my IQ and for the personal interactions. I love being challenged, and I enjoy seeing how well I did. I love the interactions with people from all over the world – this gives me hope for the future. The intelligent discussions help to sharpen your mind. There is always something to learn. I love the variety of IQ tests. They are not easy. It is so important to exercise your mind. You do not have to compete unless it is a contest. The benefit of strengthening your IQ is that it improves your lifestyle. The down side is that you are different, and those with a lower IQ may not get the point. Building friendships through testing allows you to build knowledge. It is so important to exercise your mind!!

Statement for the World:

Love cures all.
